

CPWR Guidance on COVID-19
17 March 2020

Check back here often for updates to this information:
<https://www.cpwr.com/covid-19>

In response to the construction industry's questions regarding the COVID-19 outbreak, the following are **steps everyone should be taking now**:

- Don't go to work if you are feeling sick.
- Don't shake hands when greeting others.
- Avoid large gatherings or meetings.
- Try to stay six feet away from others on jobsites and in gatherings, meetings, and training sessions.
- Cover your mouth and nose with tissues if you cough or sneeze or do so into your elbow.
- Avoid contact with sick people.
- Avoid touching your eyes, nose, or mouth with unwashed hands.
- Clean your hands often by washing them with soap and water for at least 20 seconds or using an alcohol-based hand sanitizer that contains 60%–95% alcohol. Soap and water should be used if hands are visibly dirty.
- It is especially important to clean hands after going to the bathroom, before eating, and after coughing, sneezing, or blowing your nose.

Construction industry **employers** should also:

- Plan for office staff to have the ability to work from home.
- Provide soap and running water on all jobsites for frequent handwashing.
- Provide hand sanitizer when soap and running water are impossible.
- Clean and disinfect high-touch surfaces on jobsites and in offices per CDC guidelines:
 - <https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/cleaning-disinfection.html>
- If you work in healthcare facilities, train your workers in Infection Control Risk Assessment (ICRA). For information on CPWR's ICRA training program, visit:
 - <https://www.cpwr.com/training/infection-control-risk-assessment-icra>

Special guidance for **older Americans and people with underlying health conditions**:

- Older adults and those with underlying health conditions like heart disease, diabetes, and lung disease are more at risk of becoming very sick from COVID-19. CDC has additional recommendations for these individuals here:
 - <https://www.cdc.gov/coronavirus/2019-ncov/specific-groups/high-risk-complications.html>.
