Dear Member,

We want to update you on the latest information as we work through the COVID 19 issues. First, to all our Members who are working please continue to work under the Social Distancing guidelines. If you have a personal health concern that you feel could be an issue, then confer with your health care provider and make the best choice for your personal situation.

We are working with our legal advisors to work through several issues for Local 17. The first is the nominations for two (2) Trustees to the office of Health & Welfare, Pension and Annuity Funds Trustee. The second issue we are looking at is the expiration of our current Collective Bargaining Agreement and the need to complete the required Membership vote to ratify a new agreement. When we are able to, we will communicate the information for each to the Membership.

If you are currently unemployed and are having any issues in regard to filing your claim please call myself or Tom McGrath for assistance.

Additionally, we have posted a Power Point from the Illinois Department of Employment Security (IDES) on the Local 17 Webpage. This can provide a great deal of help and information to anyone in the process of filing. The staff at IDES tells us that they are working through the back log of people filing as quickly as possible.

Fraternaly,

William Mangin and the Full Time Officers
